

Felicia SEARCY

THE IMPACT MULTIPLIER

Felicia is a 4-time award-winning transformational coach, author, and ordained minister of 30 years whose purpose is her passion: to empower you to discover and express your extraordinary life. You may have seen her on TV or caught her on Coast-to-Coast radio. Renowned organizations such as eWomen Network, National Association of Women Business Owners, and Bank of America have counted on Felicia for her wisdom and expertise. As a highly sought-after international speaker, she has shared the stage with powerhouse leaders like Les Brown and Mary Morrissey and worked with Bob Proctor.

For nearly three decades, Felicia has taught thousands the missing spiritual piece that accelerates all success. She helps you go from soul-sucking disappointment and profound spiritual frustration to a life you really love, as you make the difference you know you're meant to make. As she shows her clients how to make a deeper connection to Infinite Intelligence and truly understand and apply universal laws, they have fulfilled their dreams such as nearly doubling their income in 10 weeks, finding soulmates, getting off blood-pressure medication, healing marriages, and increasing their income by 40% while cutting their work time in half.

Felicia came from a violent and abusive childhood. This compelled her to discover little-known spiritual principles and universal laws ... and it transformed everything. Felicia now lives in Tucson Arizona with her husband Michael of 35 years and their two dogs Beau and Daisy.
